Bookcase Tawa

- Commercial-grade 25mm construction - these are the heavyweights of the office furniture world
- Finished in Tawa. That's New Zealand's most popular colour
- Adjustable shelves mean you can store all shapes and sizes out of sight. They're stable too with recessed, anti slip key ways
- Bookcase backs are often just 5mm chipboard. Not so with these ones. Solid 18mm backs make Ergoplan bookcases rock solid.

\$195 + GST
1200mm
