

Hi

It's been a while since we helped you with your storage issues?

How's your Lundia Mobile Looking?

- + Are your resources outgrowing your current storage?
- + Things in a mess, not sure what to do?
- + Thinking of a new building to cope with expansion?
- + Your existing system can be relocated to enable additional units to be installed
- + We can recycle all your existing parts and incorporate them into your new system
- + From an extra shelf or any number of accessories to a whole new shelving solution

Recently Lundia achieved the Environmental Choice NZ certification for sustainable design for their mobile and static shelving, so you can be confident you are dealing with a company concerned with protecting our future.

**For an obligation free appraisal of your current storage requirements contact us
TODAY on 0800367573**

Lundia and JSF your storage solution providers.
